📍 2345 Murray Hill Rd, Cleveland, OH 44106

## ABOUT ME

Passionate about lighting design and technology, with hands-on experience in rigging, AV setup, light plot execution, light board programming, and stage lighting design. Comfortable maintaining and modifying lighting plots to meet production needs. Currently pursuing a double major in Theater Design and Computer Science at Case Western Reserve University, combining artistic vision with technical expertise. Seeking a winter and summer position as a lighting technician and designer to apply my skills in a professional setting while contributing to high-quality performances.
